THE

RANGE

**SFFECO**
firefix
EN3 SERIES OF EXTINGUISHERS

The new re-engineered SFFECO FireFix range of fire extinguishers is a revolutionary re-engineered product range manufactured strictly under ISO9001 processes, British Standards Institute (BSI) (BS EN3) and Pressure Equipment Directive (P.E.D / CE) approvals; ensuring you the absolute quality available in any market.

With more than 3 Decades of Excellence, it is only natural that SFFECO brings out this new highly engineered and largest range of extinguishers all EN3 approved and carrying the highest fire ratings. The SFFECO's Research and Development department knows and understands fire and the damage it can cause in mere seconds. That is why SFFECO has spent significant amount of time and money engineering and approving a product that WILL work when you need it and will do exactly the job that it is designed to do everytime (as long as it is maintained as per specifications).

No longer should the customer accept the one type fits all approach. Not just an extinguisher should be selected for the fire risk but the BEST type of extinguisher agent should be selected.

FXAR6D 6 LTR A.R. FOAM

100% ALCOHOL RESISTANT FOAM

ALCOHOL RESISTANT FOAM works by firstly applying a very dense foam blanket (bubbles) to the alcohol liquid fire which causes suffocation of the fire, while simultaneously cooling the fuel. Polar fires often burn with invisible flames and can NOT be extinguished with conventional AFFF Foam or agents.

FEATURES

- EN3 Kitemark approval by BSI in the UK and CE marked
- The ONLY kitemarked AR foam extinguisher in the world
- Primarily designed for Alcohol/Polar fires such as ethanol, methanol, propanol, acetone
- High fire ratings offering maximum fire fighting ability
- Revolutionary new CE aluminum valve design
- Specially designed microdrop nozzle for maximum foam agitation and the best discharge accuracy and time
- Safe for inadvertent use on electrical items upto 35kV.
- Suitable for use in a confined spaces
- Easy to Empty and refill onsite without mess or special filling machinery
- Available in 6 & 9 Litres

INDUSTRIES

DESIGNED SPECIFICALLY FOR ALCOHOL / POLAR SOLVENT FIRES
